Key points of the infant policy include:

- Infants can travel on the lap of an adult passenger.
- Each adult passenger can travel with **one infant**.
- Infants generally receive **discounted fares** compared to regular tickets.
- You may request a **bassinet seat** for long-haul flights (subject to availability).

Parents traveling with babies should always ensure the infant is added to the booking before arriving at the airport.

To avoid travel stress, it is best to add the infant **at least 48 hours before departure**.

Turkish Airlines Infant Ticket Fees

Infant fares depend on the route and ticket type.

Infant baggage allowance typically includes:

- **1 piece of checked baggage (10 kg / 22 lbs)**
- **1 foldable stroller or baby carriage**

Bassinet Seats for Infants

For long international flights, Turkish Airlines offers **baby bassinets**.
